Professional training

To assure the training is up to date, we constantly monitor existing authority regulations and amend the courses accordingly.

Please note that all EU-OPS programs must be integrated in the Operators Operations Manual and presented to the relevant authority for approval.

As a modern training institute with several locations all over Germany, date up education GmbH is known for its high quality standards when it comes to training concepts, equipment, classroom environment and customer service.

Our cabin crew trainees benefit from

- Instructor led courses
- Computer based training material
- Laptops during the entire training period
- Theoretical lessons combined with practical training
- Modern facilities and classrooms
- Lounges offering coffee, snacks and fruit
- Assistance with hotel accommodations
- Highly experienced instructors and specialists

Award Winning & Experienced Staff

Carmen Jacobs has worked in the airline industry for over 20 years and has an extensive and varied career in Cabin Crew Management and Training. Her expertise in the field of cabin crew training is well recognized in the industry worldwide.

Carmen was assigned the responsibility for the development and execution of the A380 Cabin Crew Training for Airbus and in this role she worked closely with authorities such as EASA, FAA, CAA UK, and several of the major international airlines.

She has received the "Airbus Award of Excellence" for her contribution to the successful A380 Evacuation Demonstration and she is also the recipient of the prestigious "Needle of Honor of German Aeronautics" (Träger der Ehrennadel der deutschen Luftfahrt). date up is proud to have Carmen Jacobs leading the Cabin Crew Training department.

Carmen Jacobs,

Head of the date up Cabin Crew Training department
