**Biopsy Devices** are gaining traction within the industry as a viable alternative to traditional screening methods for cancer. The biopsy device market will experience considerable growth over the forecast period, driven by an increasing number of biopsy procedures. An increasing prevalence of cancer, geriatric population and increasing demand for minimally invasive procedures are expected to drive market growth during the forecast period. Growing patient awareness levels and the advancement in biopsy techniques are also expected to fuel future growth of the market.

**Company Coverage of Global Biopsy Device Market:** Argon Medical Devices, Boston Scientific, Carefusion Corporation (Acquired By Becton, Dickinson and Company), C. R. BARD, Inc, Cook Medical, Devicor Medical Products Inc., Gallini Medical Devices, Hologic, Inc, INRAD, Inc, Intact Medical Corporation, TSK Laboratory.

### **By Product Segment - Biopsy Device Market Analysis:**

The market for biopsy guidance systems held the largest share in 2015 and is expected to continue to lead the market throughout the forecasting period. The biopsy guidance systems is followed by the needle based biopsy guns segment. Vacuum-assisted biopsy devices represent the fastest growing segment, and increased Medicare reimbursement given for such procedures is expected to help fuel demand.

The market for biopsy needles is expected to remain relatively constant throughout the forecasting period. Forceps and Other devices are expected to account for lesser shares as compared to the other segments, due to their specific applications and also risks associated with their use.

**Biopsy Device Market and Forecast - 5 Biopsy Device Segments Covered:**

Needle-based Biopsy Guns (2012 - 2020)

Biopsy Needles (2012 - 2020)

**By Region Biopsy Procedure Volume Analysis:**

In the Global biopsy procedure volume, Asia accounted for the largest share in 2015. It is predicted that Asia will remain at the dominating position in Global biopsy procedures throughout the forecasting period. United States holds the second largest volume share in 2015. Europe is the third leading region for biopsy procedure being followed by Brazil.

**Research Methodologies:**

Primary Research Methodologies: Questionnaires, Surveys, Interviews with Individuals, Small Groups, Telephonic Interview, etc.

Secondary Research Methodologies: Printable and Non-printable sources, Newspaper, Magazine and Journal Content, Government and NGO Statistics, white Papers, Information on the Web, Information from Agencies Such as Industry Bodies, Companies Annual Report, Government Agencies, Libraries and Local Councils and a large number of Paid Databases
