

### ***Discuss solutions to Toxic ecosystem at EnviTox Summit 2018***

Conference Series LLC Ltd invites participants from all over the world to attend “**18th Global Summit on Environmental Toxicology and Pharmacology**” during **September 17-18, 2018** in **Singapore** which includes prompt keynote presentations, Oral talks, Video presentation, Poster presentations, Workshop and Exhibitions.

EnviTox Summit 2018 offers a unique platform to present research work and know the latest updates in the field of Environmental Toxicology and Pharmacology with a complete approach to diverse areas of interest.

EnviTox Summit 2018 slated during September 17-18, 2018 in Singapore will schedule and coordinate all meetings with our Editorial Board Members and other experts in the Environmental Toxicology and Pharmacology fields across the world. The EnviTox Summit 2018 scientific program paves a way to gather latest information through the research talks and presentations and put forward many thought provoking strategies in the meeting.

The scientific program will focus on current advances in the research and leading strategies in environmental toxicology and pharmacology and its development with a theme “*To converse solutions to Toxic ecosystem*” and the **conference highlights** are: Environmental Toxicology, Pharmacology, EcoToxicology, Environmental Health, Safety and Risk Assessment, Occupational Toxicology, Pesticide Poisoning, Industrial Health and Toxicology, Global Warming, Soil Toxicology and Environmental Microbiology, Aquatic Toxicology, Food Toxicology, Environmental Chemistry and New Trends in Environmental Toxicology and Pharmacology

The conference will feature keynote presentations by top professionals as well as renowned experts in the field from all around the globe. Nallamuthu Godhantaraman, Head, Center for Environmental Sciences, Deputy Director, UGC-Human Resources Development Centre, University of Madras, India; Wen-Der Wang, National Chiayi University, Taiwan will present their lectures during the conference. These are all among other exciting and high profile individuals who have shared knowledge of their experience in the field of Environmental Toxicology and Pharmacology.

In addition, attendees will enjoy special events and lecturers featuring specialists and top scholars. It is a perfect platform for pharmacy educators, practitioners and researchers to exchange & share their experiences, research findings about all aspects of Environmental Toxicology, EcoToxicology, Risk Assessment and Pharmacology.

This year EnviTox Summit is officially collaborated with The Foundation for the Development of Africa (FDA) (NPC) and ECO-TRAC consulting

## **Conference Highlights:**

- 300+ Participation (70 Industry: 30 Academia)
- 5+ Keynote Speakers
- 50+ Plenary Speakers
