Call for Papers

Dear member of the infotainment society,

On September 30th, 2008, the MOST FORUM - the international MOST Conference and Exhibition invites to Stuttgart (Germany) to a one day congress with numerous specialists presenting latest and future technologies and applications based on MOST. As knowledge partner the MOST Cooperation accompanies the conference to provide a very high quality conference to the attendees by encouraging its members to share their experiences with MOST Technology. Media partners will support the event with public promotion and provide know-how as part of the selection committee to ensure highest possible quality of the speeches. At the exhibition various companies will inform about latest products and services. The event establishes an ideal forum to share ideas and experiences, and to discuss the latest news on this de-facto automotive infotainment standard. Keynote speaker will be Dr. Alexander Leonhardi of the Daimler AG. To assure a broad field of topics with a wide range of information you are invited to submit paper proposals.

The objective of the MOST Forum is to bring together top professionals from the automotive electronics industry and academia to exchange information and results of recent business and work on systems, circuits, technologies, processes and applications. The conference will provide a forum for a broad audience reaching from researchers, designers, engineers, system developers, to purchasers and journalists, and to the managers of the industries involved.

Submitting Your Paper

You are invited to present a technical paper.
Suggested MOST topics for submission include, but are not limited to:

1.   MOST Networking and System architecture
1.1   Application Framework
1.2   Network Management
1.3   Interface Controllers
1.4   Migration to MOST150

2.   MOST Physical Layer
2.1   FOT technology
2.2   Connectors

3.   MOST Compliance and Quality Aspects
3.1   Testing and Compliance
3.2   Tools

4.   MOST Series Projects Experience
4.1   HMI
4.2   Gateway Solutions

5.   MOST and Other Standards
5.1   FIBEX
5.2   AUTOSAR

6.   MOST in Research & Development

The Abstract Should Contain:

1. Title of the paper
2. Author(s): name(s), title(s), company, address, telephone, e-mail
3. Photo of the author(s)
4. Subject/topic
5. Short summary of the paper: 200 to 300 words
6. Details of any previous publications on the same subject

All abstracts are due on May 15th, 2008, and should be sent via email to abstract@mostforum.com. Acceptable file formats are Word, Text and PDF files. All presenters have free admission to the conference and exhibition. For any questions we are looking forward to your call or email to abstract@mostforum.com.

Program Consortium

Stephan Esch, Audi AG
Prof. Dr. Andreas Grzemba, University of Applied Sciences Deggendorf
Stephan Janouch, Elektronik automotive
Jochen Klaus-Wagenbrenner, Harman/Becker
Robert Reiter, BMW Group
Harald Schöpp, SMSC
Dieter Seidl, Daimler AG
Christoph Stoppok, ZVEI
Johann Wiesböck, ElektronikPraxis

The program committee will decide on the acceptance of a paper on the basis of the abstract. It is important to clearly emphasize the principal technical, economical and practical aspects of the intended paper. In particular, you should indicate those aspects of the work that are innovative and unique. The length of the lectures will be 25 minutes followed by 5 minutes of discussion. All papers must be written and presented in English.

Final Paper

The accepted papers will be published in a conference book.

Deadlines

Abstract submission:	**May 15th, 2008**
Notification of authors:	**early June 2008**
Final Paper:	**August 15th, 2008**

Conference Program and Registration

The congress program and registration form will be published in June 2008.
